

Examination Copy Policy

Dear Instructor,

We are pleased that you are considering our book for adoption for your course. Our policy regarding examination copies is outlined below.

Books being considered for adoption for a course will be sent to the Instructor on a **60-day examination basis**.

The Instructor is entitled to keep the book as a **free desk copy** if the book is adopted for the course and an order for **10 or more copies** is placed with **Cold Spring Harbor Laboratory Press** by the bookstore.

If the book is not adopted or the bookstore order is for fewer than 10 copies, the examination copy must either be returned in **saleable condition** or **purchased**.

If the bookstore order **falls below 10 copies**, as in the case of returns on the order, the desk copy will become chargeable.

An invoice is enclosed with the examination copy, but is not payable if the book is adopted and a bookstore order is received as detailed above.

Once again, we thank you for evaluating Cold Spring Harbor Laboratory Press's publication for your class!

Cold Spring Harbor Laboratory Press 60-day Examination Policy

I understand that the text I have requested for examination will be sent to me on a 60-day approval basis. If I decide to adopt it, I will simply return the invoice and indicate the course, the number of students expected to enroll, the name of the bookstore, and the number of copies ordered. At that time, the invoice charges will be canceled. If I do not adopt this text, I will either purchase the copy or return it to cancel the invoice.
